## Permanent and temporary exhibitions

The National Archives in Krakow also provides access to historical sources through the organisation or co-organisation of exhibitions dedicated to important events in the history of Krakow and Małopolska, as well as on a national scale. Currently, due to the lack of an exhibition hall, the exhibitions prepared by the Archives are presented in urban areas or in the courtyard of the building at 16 Sienna Street, as well as in the local branches.

We cooperate with museums, cultural institutions and societies providing access to, among others, digital copies of documents from our collections for the joint realisation of exhibition projects. We also prepare online exhibitions and galleries – available at (link: [exhibitions/exhibitions online](#)).

### Temporary exhibition

We invite you for exhibitions about collection of Krakow Town Archives of Former Records 1887–1952

1 June – 30 September 2019

headquarters of the National Archives in Krakow at 16 Sienna Street
